Enterprise Information Resources Inc. Joins SAP® PartnerEdge® Program as an SAP Services Partner

Enterprise Information Resources Inc. (EIR) today announced that it has joined the SAP® PartnerEdge® program as an SAP services partner. The program gives partners access to resources, services and benefits that will help EIR build and maintain a successful partnership with SAP, and thus help EIR optimize business results for customers.

SAP services partners help SAP customers design, implement and integrate SAP solutions; optimize business processes; and provide strategic business consultation. As an SAP services partner, EIR will take an active part in the support, customization and deployment of solutions from SuccessFactors, an SAP company, including SuccessFactors Compensation and other related solutions including SAP ERP Human Capital Management.

"We do compensation every day. Whether an SAP customer is incorporating variable pay or integrating and updating existing compensation solutions, EIR is ready to help customers reach their business goals," said France Lampron, president and CEO of Enterprise Information Resources Inc. "The SAP PartnerEdge program gives us access to the latest SAP technology, providing EIR with the ability to offer the best solution for customers, whether on the ground or in the cloud."

As an SAP services partner in SAP PartnerEdge, EIR will have access to a much broader range of software tools and solutions for its customers. SAP PartnerEdge offers tools and resources that provide a strong foundation of support and collaboration that fosters unparalleled value and mutual business success for customers, partners and SAP.

Prior to joining the SAP PartnerEdge program, EIR was a partner of SuccessFactors for two years. EIR's consecutive partnership with SAP leverages its deep technical expertise, extensive functional knowledge and a proven service methodology to customers implementing compensation and variable pay solutions. In addition, EIR offers SAP customers complete compensation implementation, best practices consulting, support for going live and annual cycle prep services.
