Enterprise Information Resources Inc.'s EIR Compensation Analytics Achieves SAP Certification as Built on SAP® Cloud Platform

Award-winning software provides compensation reporting and analytics for SAP® SuccessFactors® Solutions [Enterprise Information Resources Inc.](#) (EIR) today announces its EIR Compensation Analytics™ software has achieved SAP re- certification as built on SAP® Cloud Platform. [EIR Compensation Analytics](#) transforms the compensation process for SAP® SuccessFactors® solutions customers by providing fast, easy, accurate access to compensation data analytics.

“SAP is the cloud pioneer and our passion is compensation. EIR's software gives SAP SuccessFactors customers a tested and validated solution for transforming their annual compensation cycle,” said France Lampron, president and CEO of EIR.

EIR Compensation Analytics provides decision support tools to everyone involved in the compensation process. EIR Compensation Analytics aggregates, integrates and summarizes compensation data from multiple sources while ensuring accuracy and role-based data security. SAP Cloud Platform offers customers speed and flexibility and a rich set of features that make this transformation possible.

The SAP Integration and Certification Center has certified that EIR Compensation Analytics 3.5 is built on SAP Cloud Platform. Applications from partners that are built on SAP Cloud Platform are enhanced to work with SAP cloud solutions and to run on SAP Cloud Platform. EIR Compensation Analytics is an extension to SAP SuccessFactors that use SAP services to run on SAP Cloud Platform.
